BOSCH
Invented for life

Innovation built in.

We are pleased to share with you a selected range of our new appliances, to be introduced into the Bosch accentline collection for our kitchen specialists. Our new Serie 8 ovens bring much more than just outstanding functionality and craftsmanship. Bosch is dedicated to making life in the kitchen easier. Sophisticated features deliver perfect results every time, without spending hours trying to figure out how they work.

Everything you need at your fingertips.

The iconic, intuitive control wheel and large, high resolution TFT-touch display make operating our ovens a breeze.

Pyrolytic self-cleaning means the oven will clean itself when you need it to.

SoftOpen and SoftClose doors control the action of the oven door gently, quietly and safely. It's all in the detail.

Our new cooking function, 4D Hotair gives consistently perfect results on all four shelf levels.

When you cook with a Serie 8 oven and experience PerfectBake and PerfectRoast, there is almost no limit to what you can do. The combination of these two sensor-controlled functions ensures that your oven always knows exactly how your dish is progressing. It sets the optimal heating mode, temperature and cooking time accordingly.

The PerfectBake sensor measures the moisture level of your dish and automatically regulates the baking process. The PerfectRoast meat probe with three measuring points determines the core temperature of your food to the exact degree.

Every dish, from roast beef to lemon pie, is cooked to perfection, so you no longer need to constantly check on their progress – unless you can't help but admire the cutting-edge technology at work.

The easy way to perfect results.

Scroll through for the PerfectBake.

Baking has never been easier. The PerfectBake sensor offers precise sensitivity and constantly measures the moisture level of your dishes as well as automatically regulating the baking process. You'll never have to set the heating mode, length of time or temperature again – the PerfectBake sensor has it all under control. Simply select the type of dish, such as "Cake", and press "Start". Your oven will do the rest. The result: breads and cakes baked to perfection.

Control panel with TFT-touch display.

Control panel with TFT display.

You'll always have a complete overview and full control of all your oven's functions. The intuitive control wheel and full-width, high-resolution clear-text TFT-touch display with direct select TouchControl-buttons make operating our ovens a breeze. Clear, vivid images and helpful prompts guide you through each step as you navigate through the various programme options.

Our intuitive control wheel and high-resolution, clear-text TFT display with direct select buttons make oven operation a pleasure from day one. Helpful icons and clear descriptions inside the control ring provide all the information you need, making it very easy for you to keep track of the progress of your dishes.

We didn't reinvent the wheel.
But we taught it how to cook.

Scroll through for the PerfectRoast.

Traditional British beef, Easter lamb or Sunday roast chicken – with the PerfectRoast meat probe, you'll get perfect results every time. Just like a professional chef, but with complete ease. Three highly sensitive measuring points, determine the core temperature of your food to the exact degree and second, guaranteeing perfect roasting results.

Pyrolytic cleaning.

When you activate the pyrolytic cleaning function, the oven heats up to 480°C and burns off any grease and food residue. All that's left is a little ash that you can easily remove with a paper towel. Depending on the degree of grease and dirt that has accumulated, select one of three different cleaning programmes and press "Start" – your oven will do the rest for you. And because the baking trays and shelf rails are all pyrolytic-proof, you can leave them in the oven during cleaning. Only the wire shelves need to be removed.

Everything you need at hand: our new, intuitive control wheel makes cooking easier than ever. With just a small turn of the stainless steel ring, you can adjust any of your oven's settings. The TFT-touch display, with its clear and straightforward design, guides you through the various menu options. This gives you full control over your dishes at all times with the perfect end result.

Loads better for a perfect sparkle.

The new Serie 8 dishwashers with VarioFlex Pro basket system and Super 60°C programme – the simple way to brilliant dishwashing results.

There's only one way to handle dirty dishes: put them under pressure.

Even the dirtiest of dishes come up brilliantly clean thanks to the Super 60°C programme. The new high-speed pump generates intense water pressure inside the machine to remove residual dirt for a spotless shine. In addition this programme delivers brilliant drying results.

VarioFlex Pro.

The innovative VarioFlex Pro basket system offers you a whole lot of different adjustment options and maximum flexibility when loading and unloading dishes.

TimeLight.

Bosch dishwashers are so quiet sometimes it's hard to tell whether they are on or off, especially on fully-integrated models where there is no visible control panel. The new TimeLight indicates the programme status and time remaining onto any floor surface. So you'll never disrupt the dishwasher cycle again.

TFT display.

The new high-resolution top display offers helpful hints and supplementary information for optimum dishwasher use. For brilliant dishwashing results that are always right on time.

OpenAssist.

Now you can fully integrate your dishwasher into your handle-free kitchen thanks to OpenAssist. Simply by pressing gently on the door front, OpenAssist enables you to open your dishwasher without the need to compromise your sleek kitchen design with a handle. There is also a child lock option for security.

Red touchpoints.

Touchpoints indicate where to fold down the foldable racks or adjust the height of the upper basket. Thanks to these markings, you can instantly spot how and where to modify the baskets so you always have the perfect solution for every combination of dishes.

Single Ovens

HBG8769S1B

Main Cooking Functions 4D Hotair, Hotair Eco, conventional top and bottom heat, conventional heat Eco, Hotair grilling, full width variable grill, half width grill, pizza function, bottom heat, low temperature cooking, defrost, plate warming, keep warm

Scroll Bosch Assist for precision cooking.

The Bosch Assist feature on selected Serie 8 built in ovens automatically sets precise information on temperatures and cooking time. Scroll through for our intuitive PerfectBake and PerfectRoast functions for perfect results every time.

Specifications

Full width enamelled pan

HBG675BS1B

Main Cooking Functions 4D Hotair, Hotair Eco, conventional top and bottom heat, conventional heat Eco, Hotair grilling, full width variable grill, half width grill, pizza function, bottom heat, low temperature cooking, defrost, plate warming, keep warm

Even heat. Maximum flexibility.

Thanks to 4D Hotair, you can place your food on any of the four shelf levels and the results will be consistently perfect. Our new motor and fan wheel design makes it possible: it changes the direction of rotation during operation to distribute heat evenly on every level. And that's not all: with 4D Hotair, you can also bake and roast on up to four different levels simultaneously. So you'll enjoy reliable results from top to bottom.

*Please note, these models do not have accentline branding on the fascia.

Put a new spin on your cooking career.

No matter how complicated the recipe, the Serie 8 oven makes it a piece of cake. These cutting-edge ovens constantly monitor the progress of your cooking and automatically regulate temperature and length of time. Whether you're roasting meats or fish, cooking vegetables or baking cakes and desserts, with the Serie 8 oven it couldn't be easier to get perfect results. Think of it as having your very own master chef helping you in the kitchen.

Service you can rely on.

For help with your home appliance, trust Bosch Customer Service.

Arrange an engineer visit.

Our appliances are manufactured to the highest standards, but if you do need a visit from an engineer we are here to help. We have teams of locally based engineers around the country – employed and trained by Bosch*. This gives them unrivalled expertise and knowledge of our appliances. We repair appliances both in and out of guarantee. All repairs are analysed in advance by a technical team so that the parts likely to be needed to complete the repair are sent to the engineer's van the night before the visit.

To arrange an engineer visit to your home please call:

0344 892 8979

Lines are open 24 hours.

Calls are charged at the basic rate, please check with your telephone service provider for exact charges.

You can also arrange an engineer visit online: bosch-home.co.uk/bookonline

Product advice.

If you need help using programmes or features, or need assistance selecting a new Bosch appliance from our current range, our product advice team can help.

You can call us on

0344 892 8979

or visit: bosch-home.co.uk for frequently asked questions and helpful videos.

Calls will be answered 24 hours a day, seven days a week. You can contact our specialist advisors Monday to Friday 8am to 8pm, Saturday 8am to 4pm and Sunday 9am to 3pm.

Register my appliance

We advise that you register your appliances so that we can contact you about any product updates. Visit registermyappliance.org.uk for more information.

You can also call Bosch directly to register your appliance on 0344 892 8979 (option 5). Please call us within 28 days of purchase to discuss the full range of options for extending your warranty.

Visit the Bosch online store.

Find a comprehensive selection of accessories to help you get the most out of your appliance, along with our full range of replacement spare parts and cleaning & care products at the Bosch online store.

You can also purchase Tassimo hot drinks machines, vacuum cleaners, irons, steam stations, kettles, toasters and food preparation appliances directly from us online.

Accessories.

Many appliances can be enhanced with optional extras, such as telescopic rails for ovens or special cookware for hobs.

When buying a Bosch home appliance, you know you are purchasing a quality, reliable product. However many appliances are used daily, so need cleaning and maintaining to keep them looking great and operating at peak performance.

Every one of our cleaning and care products has been thoroughly tested and approved for safe and effective use on your Bosch home appliance.

Replacement spare parts.

We keep in stock a comprehensive range of replacement spare parts for our appliances for up to ten years. All our parts are original spare parts, not copies.

Award-winning service.

Bosch Customer Service was proud to win the Domestic & General Total Excellence & Quality Award for 2015. The award is decided from surveys sent to customers and 94.5% described our service as excellent or good.

*In some remote areas we may use an approved service partner where the repair process may vary.
